By Elizabeth Hallett
Manager of Marketing & Communications

On Thursday, August 13, 2020 Choptank Electric Cooperative members and the Board of Directors assembled at The Wicomico Youth and Civic Center in Salisbury, MD, to conduct the 82nd Choptank Electric Cooperative Annual Meeting. Due to COVID-19, the Co-op introduced several new features and procedures to keep their members safe.

After the original April date was postponed, the August meeting was streamed on Facebook, as attendance was still limited, and social distancing was necessary due to COVID-19 safety guidelines. The doors opened at 4:30 p.m. and members took advantage of an electronic recycling station, cellphone screen repairs, shredding services, Choptank Electric's electric vehicle display, asking questions to the Choptank Electric employees, and a full fried chicken dinner.

The business meeting began at 6:00 p.m. with Jeff Rathell, Chairman of the Board, introducing special guests, including: Senators Adelaide Eckardt & Mary Beth Carozza; Delegates Sheree Sample-Hughes, Charles Otto, and

THE 82ND ANNUAL MEETING

The votes are in and the members have spoken: Member Regulation is here to stay!

Johnny Mautz; Nicole Acle of the Wicomico County Council; Keith Graffius, representing Congressman Andy Harris; and Ryan Snow, representing Governor Larry Hogan.

State Sen. Stephen S. Hershey Jr. and Delegate Sheree L. Sample-Hughes became the first Marylanders to receive the Distinguished Friend of Electric Cooperatives Award, sponsored by the Virginia, Maryland & Delaware Association of Electric Cooperatives.

Hershey, who represents Senate District 36, and Sample-Hughes, who represents House District 37A, were cited for the leadership in passage of landmark legislation that will enable Choptank to deliver broadband to members on the Eastern Shore. President and CEO of Choptank Electric Mike Malandro presented the prestigious award to Sample-Hughes; Hershey received his in absentia.

The Distinguished Friend of Elec-

tric Cooperatives Award honors legislators, regulators, and others in public service who have strongly supported the best interests of electric cooperative member-owners. It has been given out just 11 times since it was created in 2004.

82nd Annual Meeting Continued

“We had serious work to do on this bill, and we have a long way to go. But I know it is possible because we have come this far and we are going to achieve what we need to achieve,” said Sample-Hughes.

The Credentials and Elections Committee Chair, William Edwards, announced first that the petitions for each of the four incumbent candidates had been approved by the Committee. Because there was only one approved Director candidate for each district, the Committee invoked Bylaws Section 4.06(b). This section states that in the event of an uncontested election, Choptank Electric may forgo the balloting process. Olin Davis, Director for Kent County, oversaw the re-election of the following board members: John Burke, Cecil County; Craig Mathies, Somerset County; Jeff Rathell, Talbot County; and Bob Thompson, Ocean Pines District.

Malandro reported to the membership on the Co-op’s progress in the previous year and plans for the future.

“As always, the people I need to thank the most are our men and women who work day in, day-out to keep the lights on and deliver the best possible service to our

members,” Malandro said. “They did a great job last week when Tropical Storm Isaias blew through the shore. Quite a few members’ lights went out, but they were back on quickly.”

“Choptank is a dedicated group of people who work and live in the communities where we provide electricity,” Malandro explained. “Choptank is locally owned and controlled by all of us – that is the co-op business model, simply stated.

“Over the last 12 months, your Board of Directors along with Co-op Management came up with the idea for starting a broadband business by utilizing our economies-of-scale and 82 years of experience in infrastructure construction,” said Malandro. “In order to do so, we needed to pass legislation to become a member-regulated Cooperative like the vast majority of our sister co-ops across this great nation. With tremendous community involvement, we successfully passed the legislation with HB 999.

“I am confident our special meeting later tonight will reveal that our members want to move forward with member regulation and broadband,” Malandro concluded.

Following the annual meeting, the Co-op held its special meeting on member regulation. The results for the vote on broadband through member regulation were overwhelmingly in favor of the change. Over 15,000 members voted electronically or by mail since the vote began on May 15th. The final, official count was 14,769 in favor and 345 opposed. Jeff Rathell, Chairman of the Board, said, “On behalf of the entire Board of Directors, I would like to thank Co-op

members who participated in the vote for providing clear and conclusive guidance on your desire with regard to member regulation and broadband. Our Board will begin the work of creating a broadband affiliate and planning fiber deployment as soon as possible.”

The evening ended with the drawing for door prizes/bill credits ranging from \$100 to \$500 and the Luck of the Draw Scholarship drawing, which awarded 10 \$1,000 scholarships and one \$2,000 scholarship in honor of Carl Widdowson, who retired in September 2019 as a Director from Somerset County. There were 33 members who submitted their name for the scholarships.

The Annual Meeting was a huge success, and Choptank Electric is looking forward to the 83rd Annual Meeting.

Review the Annual Meeting section on page 22 to learn more.

ODEC Board Elects New Officers

Choptank Electric Cooperative's CEO was elected for an ODEC officer position.

Mike E. Malandro
President & CEO

On July 27, 2020, at Old Dominion Electric Cooperative's (ODEC) Annual Meeting, ODEC elected Mike Malandro, President and CEO of Choptank Electric Cooperative, as their Secretary/Treasurer.

ODEC also elected John C. Lee, Jr., President and CEO of Mecklenburg Electric Coopera-

tive, to be Chairman of the Board and Jeffrey S. Edwards, President and CEO of Southside Electric Cooperative, as Vice Chairman. Each of the officers' terms will expire in 2023.

"I am honored and proud to be elected by my peers to

serve as Secretary/Treasurer of the Board of Directors of ODEC," said Malandro. "I will serve the Board with integrity, and serving our member-owners will be my highest priority. We will work as a team to recognize and address the considerable energy challenges that lie ahead, while also looking at the differing views and needs of our member-owners."

Malandro added, "I look forward to working with Chairman John Lee and Vice Chairman Jeff Edwards, our fellow directors, and the highly capable ODEC team, to maintain the Cooperative's status as one of the nation's most successful generation and transmission cooperatives, and to continue bringing value to those at the end of the line by providing ODEC competent, open-minded leadership that includes vision, creativity, flexibility, and evolving strategic oversight."

According to Marcus Harris, ODEC President and CEO, "John, Jeff, and Mike bring decades of experience and an intense focus on the needs of the members they serve. They will provide excellent leadership to ODEC's Board, and I am excited to work with them in their new roles."

Our New Vice President of Member Services

Thomas Tyndall adds 34 years of member service experience to the Co-op.

Thomas S. Tyndall III
Vice President, Member Services

Thomas Tyndall III was recently awarded the position of Vice President of Member Services, after having served as Member Services Administrator for over a year. As Member Services Administrator, Tyndall led the Member Services department, which included the call center, key accounts program, energy efficiency program, and overseeing regional member service management.

As Vice President of Member Services, Tyndall will be managing and overseeing the Co-op's overall member service experience, including the Co-op's future broadband customer service division.

Tyndall joined Choptank Electric on July 24, 1986, as an Operations Field Helper.

Four years later, he made a move to the Member Services department on May 1, 1990, as a Member Service Advisor. In 2008, Tyndall stepped into the emerging field of energy efficiency, as Choptank Electric's official Energy Program Coordinator.

"My goal is to enhance the positive member service experience with the member-owners of the Cooperative by responding timely to their questions and concerns and resolving their issues to the complete satisfaction of the member and the Cooperative. I am certain we can achieve this goal with a well-trained and experienced Member Services team," said Tyndall.

Your online bill-payment system

IMPORTANT NEWS & CHANGES FOR YOUR CO-OP SCAMS

Choptank Electric Cooperative continues to remind its members to be aware and vigilant in protecting themselves from potential scam artists. Scams may include such modes as phone, email, and personal contact. Choptank Electric will never call you asking for any personal information.

All Choptank Electric employees carry IDs, and all vehicles are clearly marked with our logo. When in doubt, call the Member Service Center at 1-877-892-0001.

If you believe you have been a victim of a scam or any other type of fraudulent scheme, contact your local police department, your state attorney general's office, or Choptank Electric Cooperative directly.

UPDATE YOUR CONTACT INFO

The Co-op encourages you to keep phone numbers and email addresses updated. There may be times during power outages when a landline or cordless phone may not work, so provide additional contact numbers like a cellphone to ensure your outage or restoration can be confirmed in our system.

ABOUT CHOPTANK ELECTRIC

Choptank Electric Cooperative serves more than 46,000 members and over 54,000 meters in Caroline, Cecil, Dorchester, Kent, Queen Anne's, Somerset, Talbot, Wicomico, and Worcester counties on Maryland's Eastern Shore. The Cooperative was incorporated on Sept. 21, 1938.

Choptank Electric, a not-for-profit organization, exists to provide reliable and cost-effective electricity that improves the quality of life for our member-owners. We are committed to service excellence guided by the Seven Cooperative Principles.

Since the Cooperative is owned by its members, each member has a vote in deciding who will serve on the Board of Directors. A Director must be a Co-op member to serve on the Board. This democratic accountability ensures responsible management of Cooperative business, including affordable rates and efficient use of resources.

THE 7 COOPERATIVE PRINCIPLES

1. Voluntary and Open Membership
2. Democratic Member Control
3. Members' Economic Participation
4. Autonomy and Independence
5. Education, Training, and Information
6. Cooperation Among Cooperatives
7. Concern for Community

MEMBERSHIP

Any person, firm, association, corporation or body politic, or subdivision thereof will become a member of Choptank Electric Cooperative, Inc., upon receipt of distribution service and/or electric energy from the Cooperative, provided the person has, at the time of requesting service, made appropriate bill-payment arrangements and provided such other information as the Cooperative may reasonably request or require in that regard.

In becoming a member, a person agrees to comply with and be bound by the articles of incorporation, bylaws of the Cooperative, tariffs, terms and conditions, and any policies, rules, and regulations adopted by the Board of Directors.

VOTE FOR YOUR BOARD OF DIRECTORS

Ballots are sent by mail or by email to members of the Cooperative prior to the annual meeting to elect members to the Board of Directors and for changes to Cooperative bylaws. Each member may vote by mail, by electronic ballot via email, or at the annual meeting. Additional information regarding the election of directors may be found at www.choptankelectric.coop.

ANNUAL MEETING

The Cooperative's 2021 annual meeting will be held on Thursday, April 29, 2021, at the Regional Service Center, located at 6520 Walston Switch Road, Salisbury, MD. A member of the Co-op who is a resident of one of the following Director Districts will be elected to the Board of Directors: Dorchester, Kent, and Queen Anne's.

CAPITAL CREDITS

Members share in any Co-op op-

erating margins or profit. A member's share is called a "capital credit."

Each year the applicable portion of the margins earned is credited to a special account for each member. (For example, if margins are 4% of total revenue, each member-owner is allocated \$4 for every \$100 paid for electric service.) The money is held for a period of time as part of the Cooperative's equity and is utilized to help build and improve the Cooperative's system.

The Board of Directors determine annually whether capital credits will be retired and refunds paid out. This decision is based on the financial performance of the Cooperative and the requirements of the mortgages held by the National Rural Utilities Cooperative Finance Corporation. Current and former members have no absolute right to the dollars allocated to their capital credit account until an authorization for payment is made. The Board will determine the amount and method of capital credits payments.

The Board of Directors has made it a policy to early retire capital credits to the estates of deceased members on a discounted basis and to make a general payment if the Cooperative's financial position allows.

OPERATION ROUND UP®

Choptank Electric's Operation Round Up® is a way to enable our members to raise money for local charities, needy families, and service organizations. Members are automatically enrolled in this program which "rounds up" their bill to the nearest dollar. All funds go to the Choptank Electric Trust, a non-profit corporation. Over \$4 million has been awarded to date. Any member who does not wish to participate or chooses to discontinue contributions should contact the Member Service Center at 1-877-892-0001.

Donations are tax deductible and members receive a summary of contributions in their January and February bills. All monies collected are given to approved, worthy projects located in the nine counties of Maryland's Eastern Shore. Applications are available by calling the Co-op or can be downloaded at www.choptankelectric.coop.

REPORTING AN OUTAGE

Use the automated outage-reporting system number, 1-800-410-4790, or your SmartHub App to report outages. The system allows the Co-op to diagnose outage problems for a faster dispatch of service personnel and quicker repair.

If you report your outage by phone, a recorded message will give a menu of options, and you will be asked to press the corresponding number on your phone to describe your problem. Please give the telephone or account number of the outage location. Make sure correct phone numbers are on file for all accounts.

If you report your outage using SmartHub, please click on the "Report an Outage" button in the app's dashboard. Reporting your outage helps locate you more efficiently in the event of trouble. If you experience an outage, please check fuses or circuit breakers before calling.

SERVICE RELIABILITY

Choptank Electric keeps detailed information on the reliability of its system, much of which is available on the Co-op's website. These figures include all interruptions including planned construction outages as well as power supplier and major storm outages. If you would like additional information and statistics about our service reliability, please call the Member Service Center at 1-877-892-0001.

CALL BEFORE YOU DIG — IT'S THE LAW!

The Co-op is a member of MISS UTILITY, an organization that ensures underground cables can be located prior to excavation work. This service is provided for free to all members. Members can dial 811 to begin the process of locating lines or call MISS UTILITY of Delmarva directly at 1-800-441-8355. Please call 48 to 72 hours in advance of excavation — even if your service runs overhead. The same regulations apply to other utilities. If you fail to call and damages occur, you are responsible for the cost of repairs.

BILLING

Your actual billing date is determined by your service location. You will be billed on or about the same date monthly. This may vary due to holidays and weekends.

Payments may be made by mail, phone, online through SmartHub, SmartHub App, the "Pay Now" option found on our website, bank draft, recurring credit card, drop boxes and/or at our walk-in district offices in Denton and Salisbury. Payments are also accepted at all MoneyGram locations. A drive-up window is available at the Denton district office. If paying by mail, do not send cash. Please send a check or money order. Write your account number on the check or money order to ensure your account will be correctly and promptly credited, and enclose the payment stub from the bottom portion of your bill.

Whenever a new account is established at the request of the member, a service application charge of \$25 will be imposed. This charge covers associated administrative, billing, and

meter-reading expenses. The service application charge shall be imposed each time a new account rotation is established, unless the new rotation is established due to the death of joint account member.

ESTIMATED BILLS

There are times when it may be necessary for the Cooperative to send an estimated bill. This may occur with a new connection, during storm conditions, or if a meter is inaccessible.

CALCULATING YOUR BILL

It may be helpful to understand the manner in which your bill is calculated to verify billing accuracy.

As an example, rates in effect August 1st, 2020, the calculation for a residential member who uses 1,000 kilowatt-hours of electricity in any given month would be as follows:

1. Determine Delivery Service Charges

Consumer Charge	\$ 11.75
Delivery 1,000 KWh @ \$0.05375	\$ 53.75
Apply taxes and surcharges	
PSC franchise tax	
1,000 KWh @ \$0.00062	\$ 0.62
Environmental surcharge	
1,000 KWh @ \$0.000129	<u>\$ 0.13</u>
Universal Service	\$ 0.32
Subtotal Delivery Service Charges	\$ 66.57

2. Determine Standard Offer Service (SOS Charges)

Generation Charge	
1,000 KWh @ \$0.07082	\$ 70.82
Power Cost Adjustment	
1,000 KWh @ -\$0.00380	- \$ 3.80
Transmission Charge	
1,000 KWh @ \$0.01164	\$ 11.64
Subtotal SOS Charges	<u>\$ 78.66</u>
Total Amount Due	<u>\$145.23</u>

POWER COST ADJUSTMENT

The Power Cost Adjustment (PCA) is a separate line item on each Choptank Electric bill that reflects the increases or decreases in the Co-op's cost of wholesale power purchased from Old Dominion Electric Cooperative (ODEC). Any fluctuation in the PCA is mainly caused by changes in the cost of purchased power driven by the fuel used to generate electricity.

LEVEL BILLING PAYMENT PLAN

Under this plan, the Co-op will recalculate your billing amount every four months.

This Level Billing procedure should simplify your personal budget requirements. For more information about this plan, please call the Member Service Center at 1-877-892-0001.

BANK DRAFT AUTHORIZATION

Bank Draft Authorization (BDA) is an electric bill-payment program that permits Choptank Electric to deduct money from your bank, savings and loan, or credit union banking account to pay your monthly electric bill.

Payment by bank draft authorization be-

comes effective with the next electric bill showing the notation "Payment by Bank Draft" next to amount due. It will also show the date that the bank draft will occur.

Co-op members with accounts in good standing are eligible for BDA, as well as those on the Level Billing Payment Plan. Forms are available by mail, at Co-op offices, or on Choptank Electric's website at www.choptankelectric.coop.

RECURRING CREDIT CARD AUTHORIZATION

Credit card authorization is an electric bill-payment program that permits Choptank Electric to charge your credit card to pay your electric bill.

Payment by credit card authorization becomes effective with the next electric bill showing the notation "Payment by Credit Card" next to amount due. It will also show the date your credit card will be charged.

To sign up, go to our website at www.choptankelectric.coop and fill out the form or go to "Auto Pay Program" on your SmartHub account. You may discontinue this payment type any time with written notification or by contacting the Member Service Center at 1-877-892-0001. There is a \$25 charge if a credit card is declined for the second time in a 12-month period.

BILL EXTENDER PLAN

Some members may have difficulty meeting bill due dates, particularly those receiving Social Security, Supplemental Security Income, disability, or other financial aid as their main source of income. To be eligible for the Bill Extender Plan, the financial aid the member receives must constitute their main source of income.

The Bill Extender Plan allows the Co-op to extend the date when a bill becomes past due. A member wishing to enroll should provide proof of eligibility to the Co-op.

SMARTHUB: VIEW BILL & PAY ONLINE

SmartHub is Choptank Electric's secure, online bill-payment system where members can pay bills with a credit card or check, view bills, get billing notifications, report outages, schedule a payment, and much more all from a tablet, smartphone or PC. Members can view energy usage on a monthly, daily or hourly interval, compare electric usage, charges and weather temperature variation of any two months, which may help understand seasonal or behavioral changes to energy usage.

To pay by check online you will need your bank's routing number and your checking account number. The log-in to SmartHub can be found on our website at www.choptankelectric.coop can view the image of the current bill, as well as detailed payment and billing history on the Account List page for all active accounts.

You can also pay your bill using the "Pay Now" option on our website to [pay your bill, no registration required](#). You may also access your SmartHub account using the SmartHub App.

AUTOMATED MEMBER SERVICE NUMBER

This secure payment service has the follow-

ing member information available: total of last bill; total of all payments received since last bill; payment amount now due.

You may pay your bill by credit card or check, and update your current phone number, 24 hours a day/7 days a week. When using the system:

- Have your Co-op account number ready.
- Dial 1-866-999-4574.
- Follow voice prompts that instruct you to push the # key on your phone at certain times. (The system may be unavailable at times due to maintenance.)

IF YOU CANNOT PAY YOUR BILL

If you are unable to pay a bill when it's due, please call the Member Service Center at 1-877-892-0001. It may be possible to work out a payment plan or installment agreement.

For an installment agreement, payments will be based on the amount of the unpaid balance, the ability of the member to pay, the member's past payment record, and the length of time the bill has been outstanding. Failure to keep the agreement may result in termination of service.

The Cooperative is not obligated to renew or make a second agreement with a member on the same debt. The Cooperative is not required to enter into a second agreement with the same member for a separate but similar circumstance.

THE LATE PAYMENT CHARGE

Members who do not pay their bills by the due date will have a late payment charge added to their bill the following month as a prior period adjustment.

A late payment charge of 1.5% of the outstanding balance will be added to the account after the first billing period. An additional 1.5% of the outstanding balance will be added at the end of the second billing period showing the outstanding amount. The late charge will at no time exceed a total of 5 percent.

Upon request, a member may receive a waiver to the late-payment charge twice in a 12-month period. A written request must be received by the Cooperative within 45 days of the billing date in question.

RETURNED CHECK

A charge of \$25 will be added to the account balance if there is a returned payment. The returned check charge will be waived provided no such waiver has been made in the preceding 11 months. If the member has two returned checks in any 12 consecutive months, business will be conducted on a cash or credit card-only basis. The \$25 fee is not waived if the returned payment is paying a delinquent amount.

COLLECTION FEES

If a member fails to pay their bill by the termination date, an attempt will be made to collect the delinquent amount and a \$10 collection fee will be applied to the next regular billing.

TERMINATION OF SERVICE

Bills are considered delinquent if not paid by

the billing due date. If payment is not received by that date, a delinquent notice is sent by first class mail giving the member 14 days to make the payment. If payment is not received by that date, electric service is subject to termination.

Members are subject to denial of service (after receiving 14 days via written notice) for:

- a. Nonpayment of a bill.
- b. Nonpayment of a deposit.
- c. Failure to provide access to the Cooperative's meter and equipment.
- d. Violation of or non-compliance with applicable law or the Cooperative's tariff or terms and conditions.

The Cooperative may terminate service without notice if:

- a. Using service without having contacted the Cooperative to do so.
- b. Making an application in a fictitious name.
- c. Making an application for the purpose of assisting another occupant of a dwelling unit to avoid payment of that occupant's prior outstanding bill.

The Cooperative may deny service without notice if:

- a. Conditions on the member's premises are determined by the Cooperative to be hazardous.
- b. There has been tampering with the Cooperative's equipment and/or property.
- c. There has been unauthorized use of service by any method, including diversion of electricity around the meter.
- d. Equipment is used by the member that will adversely affect the Cooperative's equipment or service to other members.

The Cooperative's policy on Terminations of Service is available on our website, www.choptankelectric.coop/governance.

THIRD PARTY NOTIFICATION

A member may designate a third party to receive their bill or termination notices. The Cooperative will send the third party a copy of any bill or termination notice that the member might receive.

Appointing a third party does not relieve the member of the responsibility to pay the bill, nor does it prevent the service from being terminated if the bill is not paid.

This third party notification may be useful to members who may be out of town for extended periods, for those with physical disabilities, the elderly, or a member who might find language a barrier.

RIGHTS AND RESPONSIBILITIES

It is the member's responsibility to promptly enter into an agreement with the Cooperative for the payment of past due as well as current amounts for electric service.

It is the member's right to dispute the termination for nonpayment or to reach an agreement with the Cooperative for payment of past-due bills to avoid a shut-off. If you dispute the amount of the bill, we will make a decision and inform you.

If you disagree with our decision, it is your right to file a complaint. The Cooperative's policy

on Complaints is available on our website, www.choptankelectric.coop. You may request a copy of the Complaints policy by calling the Member Service Center at 1-877-892-001.

RECONNECTION OF SERVICE

When a service has been terminated for nonpayment, the service will be restored after the delinquent amount has been paid. Additional charges such as reconnection charge and/or deposit will be applied to the next regular billing. If the reconnection is made during regularly scheduled working days and between the hours of 8:00 a.m. and 4:00 a.m. Monday - Friday, and requires an employee to visit the property, the reconnection charge will be \$40.00. If the reconnect is made after 4:00 a.m. or any other time that would require overtime, the charge will be \$80.00.

The Cooperative will not reconnect an account that was disconnected for nonpayment, that requires an employee to visit the property, after 7:00 a.m.

If the member has an advanced meter on the account, the reconnection fee will be \$40.00 and may be reconnected any time after the delinquent amount has been satisfied.

MEMBER DEPOSITS

Choptank Electric may require a member or prospective member to pay a deposit. If a deposit is required for a residential account the deposit may be equal to 2/12 of the estimated bill for a year.

The applicant for residential service must demonstrate a stable income source by certifying continuous employment for three years with the current employer. In lieu of this criteria the applicant must:

- a. Provide proof of being a customer of an electric utility within the preceding two years; and
- b. Does not currently owe outstanding bills for utility service to a utility doing business in Maryland; and
- c. Did not have service disconnected for nonpayment during the last 12 months that service was provided; and
- d. Did not fail on more than two occasions in the last 12 months of service to pay the utility bill when due.

If the applicant is unable to establish credit as above or does not furnish the information, a deposit may be required.

Each applicant will be advised if conditions of service or the basis on which credit was granted materially changes; they may be required to re-establish credit.

An individual 60 years of age or older is exempt from a deposit if they present proof of age, intent to occupy the dwelling, and absence of any outstanding bill to a utility for service.

A member who fails to pay a bill by the expiration date on the termination notice may be required to re-establish credit by making a deposit in addition to paying all outstanding amounts due. Any former member who owes an outstanding bill, or whose service was disconnected for nonpayment during the last 12 months of prior

service, will be required to pay a deposit. A deposit may be required of those members who are habitually late in paying their bill.

For more information on deposits, or to establish a deposit payment plan, contact the Member Service Center.

INTEREST ON DEPOSITS

The Cooperative will pay interest on each deposit in accordance with applicable law or policy.

REFUNDING RESIDENTIAL DEPOSITS

The member's account will be examined after each 12-month period. If service has not been disconnected for nonpayment during the period, or there was not more than two occasions when a bill was not paid within 20 days after presentation, and the member is not delinquent, the Cooperative will refund the deposit with interest to the electric account.

Upon discontinuing service, the deposit will automatically and promptly be refunded if there is any excess over the amount of any final unpaid bill.

CRITICAL MEDICAL NEEDS PROGRAM

Some of our members use medical equipment that requires a reliable source of power. We offer these suggestions for the use of this equipment:

- Obtain a backup source of power recommended by the manufacturer, such as a generator or battery backup.
- Plan where the individual using this equipment will stay in the event of a major power outage.
- Call the Co-op to request a Certification form that must be completed by a licensed physician, a certified nurse, or physician assistant. Return this form, and a note of the medical situation will be placed on your account. This way, we will be aware of the situation when you report a power outage at your home. This form must be submitted annually.
- Notifying the Co-op of the use of medical equipment does not guarantee uninterrupted electric service nor immediate attention to an individual service if there is a power outage. It alerts us to the situation so when we begin to restore individual service these cases become priority.
- Life support status does not exempt service from termination due to nonpayment. Service will not be terminated for

those with serious illness or needing life-support equipment for an initial period of up to 30 days beyond the scheduled date of termination when it will aggravate an existing illness or prevent use of life-support equipment. A Certification form must be on file to grant this extension.

The Cooperative's policy on Terminations of Service contains more information about the Critical Medical Needs Program and is available on our website, www.choptankelectric.coop/governance.

UTILITY SERVICE PROTECTION PLAN

Members eligible for energy assistance from the Maryland Energy Assistance Program (MEAP) may also be eligible for participation in Choptank Electric's Utility Service Protection Plan.

Those who qualify must enter into an equal monthly payment plan. Contact a local energy assistance office for information.

ELECTRIC UNIVERSAL SERVICE PROGRAM

The Electric Universal Service Program is a state program to assist low-income electric consumers with paying their electric bills. The program runs July 1st to June 30th, and may help eligible electric consumers in three ways:

- **Pay Past Due Electric Bills** — You may be eligible for help to pay past due bills whether you have active electric service now, or if you don't have service and want to have service connected.
- **Pay Current Electric Bill** — If you are eligible, assistance will be sent directly to your utility to help pay ongoing bills. This benefit will be deducted from an estimate of your total annual bills. You will pay the remaining estimated amount due in budgeted monthly installments.
- **Weatherization Services** — Some electric members may receive help to improve energy efficiency in their homes. Homeowners and renters may be eligible.
- **Other Programs** — If you receive help from the Maryland Energy Assistance Program (MEAP), you should also apply for the Electric Universal Service Program. Eligible consumers may receive help from both. Only one application is needed.

The Electric Universal Service Program is available to all eligible Maryland electric consumers, including homeowners and

renters. Electric service must be in the name of the person seeking assistance. You may be eligible if your income is at or below 175% of the federal poverty guidelines. Consumers who live in subsidized housing where heat is included in the rent may also be eligible. The program is administered by the Maryland Department of Human Services, Office of Home Energy Programs.

For information or an application, call toll free to 1-800-332-6347 (TTY 1-800-735-2258) or visit the website at www.dhr.maryland.gov/energy. Apply online at: mydhrbenefits.dhr.state.md.us. Call 1-800-332-6347 to report fraud.

High St., Elkton, 410-996-0270; Dorchester DSS, 627 Race St., Cambridge, 410-901-4100; Kent DSS, 350 High St., Chestertown, 410-810-7600; Queen Anne's DSS, 125 Comet Dr., Centerville, 410-758-8000; Shore Up! Inc.: Worcester, 6352 Worcester Hwy., Newark, 410-632-2075; Somerset, 12409 Loretta Rd., Princess Anne, 410-651-1805; Wicomico, 520 Snow Hill Rd., Salisbury, 410-749-1142; Neighborhood Service Center, 126 Port St., Easton, 410-763-6745.

RATEMAKING

Choptank Electric's members have the right to be provided notice of a proposed rate change, opportunity to comment, and opportunity to observe the portion of the meeting in which the Board votes on a proposed rate change.

More information is available in the Cooperative's policy on ratemaking, which is available on our website, www.choptankelectric.coop. You may request a copy of the ratemaking policy by calling the Member Service Center at 1-877-892-0001.

GOVERNANCE

As a member-regulated Cooperative, Choptank Electric strives to provide additional transparency and information to its member-owners. Our website, www.choptankelectric.coop, contains information on rates, finances, energy efficiency, reliability, bylaws, and other topics.

If you are not able to easily access the website, please call the Member Service Center at 1-877-892-0001 to request information on our policies.

OUR MISSION STATEMENT

Choptank Electric Cooperative exists to provide reliable and cost effective electricity that improves the quality of life for our member-owners. We are committed to service excellence guided by the Seven Cooperative Principles.
